

1. Product Name and Company Information

Product name: MC21-W12
Company name: Maxclean Technology (Wuxi) Co., Ltd
Address: C-13 Town, 5th Central Area, Shuofang
Industrial Park, Wuxi City, Jiangsu Province, China
Telephone number: 86-0510-5261969

2. Material Composition

100% Spunbond Polypropylene
Polyolefin chemical family

3. Hazards Identification

Stability: Stable
Most important Hazard: No hazards resulting from material as supplied.

4. Reactivity Data

Stable, hazardous polymerization will not occur.

5. First Aid Measures

Inhalation: Not possible due to the form of the product.
Skin Contact: No harmful effects known.
Eye Contact: Not possible due to the form of the product.
Ingestion: Not likely due to the form of the product.

6. Fire Fighting Measures

Suitable Distinguishing Media:

Use dry chemical, CO₂, water spray or alcohol-resistant foam.

Specific hazards: Not applicable

Special protective equipment for firefighters:

As in any fire, wear self-contained breathing apparatus and full protective gear.

Extinguishing media, which must not be used for safety reasons:

Not applicable.

Specific method:

Not applicable.

7. Handling and storage

Store in a dry area. Do not store near open flame or high heat or strong oxidants.

Conditions such as humidity, sunlight and temperature have an influence on the way the product behaves during the storage and handling.

Do not handle, store or open near an open flame, sources of heat or ignition.

Safe Handling advice:

None under normal processing.

8. Disposal Consideration

Waste disposal must be in accordance with appropriate Federal, State and local regulations. This product, if unaltered by use, may be disposed of by treatment at a permitted facility or as advised by your local waste regulatory authority.

This information is based on our present state of knowledge. It should not therefore be constructed as guaranteeing specific properties of the product described or this suitability for a particular application.
